Adam Scott CVI and Adam Scott Intermediate School Council(s)
Nomination Form, 2023-2024

The KPR board website describes School Councils and their role in our schools as follows:

"Parental input and involvement play a large part in the success of schools within the Kawartha Pine Ridge District School Board. To ensure parents and guardians have a voice in their child's education, each school has established a committee called the "school council" designed to provide a platform for parental and community representation at the school. As an advisory body, the school council works together to provide ideas and opinions to assist the principal in making the school a better place for learning. Membership is voluntary, with parents and guardians electing their own representatives ... with all members working together to improve student achievement and success."
